New York, Jan. 2.—Announcement that the parthers in the banking house of J. P. Morgan & Co. had retired from the boards of over a score of railroads, banks, trust companies, industrial corporations and utility companies was the most noteworthy feature of the day's early stock market. The news did not become public until shortly before midday, prior to which time the market had shown some firmness on very light dealings.

General news of the day was of a mixed character, varying from reassuring trade advices to adverse foreign conditions. The weekly statement of the Bank of England showed a sharp decline in its proportion of reaerves to liabilities, although that item was in excess of the cerresponding week last May.
